A well put together conference that noted the steps on the EMSC program future. Kansas had three (3) presentations;</p>		
--	---	--	--	--

		<p>D1. Tracy and D.C. coordinator presented to all 20 PRQC teams about the state grantees/FANs being a valuable resource. (Document shown in slides)</p> <p>D2. Tracy presented during the Pediatric Emergency Care (PEC) Council meeting the new Kansas Scenario Guidebook and distributed one to each state present. To date four states have started their own printing of the guide.</p> <p>D3. Monica and Tracy presented to all SP and FAN members on roles and responsibilities of each person. Document was comprised of all talking points to 7 areas of interest and shared with all 59 EMSC and FAN programs throughout the nation</p>		
3. EMSC Day	<p>A. Proclamation</p> <p>B. Events</p>	<p>A. April 23rd Governor Colyer signed the EMSC Day Proclamation for May 23, 2018. We had a good time and are thankful Board members were able to attend.</p> <p>B. Multiple EMS agencies throughout the state will be holding open houses and events for children during EMSC Day. Currently 15 agencies have asked the program for materials and such for their events.</p>	Tracy	
4. Committee Updates	<p>A. EMS</p> <p>B. Hospital</p> <p>C. Preparedness</p>	<p>A. Working on distribution of materials from the program and identifying areas in need/want of the Safe Transport Class</p> <p>B. Distribution of materials/education. The nationwide EMSC hospital assessment will open on May 14th surveying all Kansas ED's concerning performance measures EMSC06 and EMSC07 (inter-facility transfer guidelines and agreements).</p> <p>C1. The director position for KDHE Preparedness is open. They have also hired two new employees. Projects include educational pieces specific to peds. Collaboration on those projects will begin soon.</p> <p>C2. The EMSC Program continues to educate on Pediatric in Disasters across the state. Currently 4</p>	<p>Lisa Baldwin-Bateman</p> <p>Meghan Landwehr</p> <p>Stephen Tierce</p>	

		B. Children's Mercy Hospital is the training site for ten (10) Kansas hospitals in trying to improve their pediatric readiness score by 10 points following this collaborative. There are tracks to this collaborative and hospital teams will be choosing which track they will work on during their site visits slated to start this month. We will look forward to the materials, templates and guides developed by these hospitals that we can later share with all Kansas ED's at the conclusion of the collaborative.		
6. NASEMSO/PECC	A. Spring Conference	A. Providence, Rhode Island May 20 th -25 th . A1. Tracy will be presenting a state highlight on measures we have done on instructing the Safe Transport of Children in ambulances here in Kansas. A2. Tracy has been nominated to serve as the Pediatric Emergency Care Council Vice-Chair. If elected, she will serve 2 years as vice-chair followed by 2 years as Chair and then 2 years as Past-Chair Elect. Voting occurs at the Spring meeting.	Tracy
